1 ?) Charge list of B N.Sreekantiah as Head Manegar taken from the previous Manegar will not tally, so the M Manegar should be directed to take all the articles mentioned in the charge list dated 18-10-1942 This is due to the carelessness of both the Manegars. It seems that no one of the off responsible official has checked or scrutinised the charge list When I saw the keys of the iron safe, they are not the keys supplied along with th iron safe This should be investigated as to what became of the original and from whom the keys were prepared As the iron safe is repaired and fresh keys are prepared there will be no safety to the iron safe and there is every possibility of missusing the iron safe with the other duplicate keys, the iron safe should be sold Any difference in value in selling the same and by buying a fresh one should be made good by the Manegar

29) Audit Report dated 26-12-1942 item No 2 before writing the reply for this the Chief Officer should have seen the Register at least So I request the Chief Officer to look into the Register once again

30) Audit Report dated 26-12-1942 item No 3 If the Javali Register were to carefully looked onto, any body can clearly see that the entry has been inserted in between the two lines and als there is a delay of two months This clearely shows that it was inserted after my audit dated 26-12-1942 This should be taken serious notice of and explanation of the Manegar is essential and where were the articles kept on all these days The explanation of the Manegar should be brought before the General Body Meating

31) Audit Report dated 27-2-1943 item No 4 If the Preside President or the Chief Officer were to see the various Transi passes they would have very well understood whether the particul

particular xitems are checked by the Sanitary Inspector or they were submitted to Sanitary Inspector for scrutinising This is an answ given without taking any pains to look into the various passes mentioned in the audit report I myself have endorsed most of the transit passes stating that they are not checked by thesanitary Inspector The reply is a baseless one, once again I suggest the Chief officer to look into them in detail and reply The share made by the Chief Officer is totally wrong -

5 2) V .Transit Pass, Nos 30/8-3-1943,- 78/24-3-194 ,- 91/23-3-1943, the duty as collected on 5-6-1943, 1-6-1943, 1-6-1943, respectively Why delay of about 3 months, Who has paid the duty ? I suspect the duty collected on the dates of their arrival to the town was kept back without crediting it to the Treasury and subsequent to the audit remarks the amount is credited. The explanation of the Manegar should be taken, and action also to be taken.

Subject Re Audit report of Mr C Veeregowda, Municipal Councillor, Chikmagalur

In continuation of this office letter of even number dated 6th June 1944, on the above subject, I have the honour to state that I examined in detail all the objections in question The action taken on the several items is detailed below - Mr Veeregowda was also present and took me through the various records connected with the objections raised by him -

Audit Report for the month of January 1942 -

Item No - 3 - As the amount collected by the Revenue Inspectors was not even 2% of the total collections, they were reverted to the Revenue Department It is a fact that the Revenue Inspectors appointed did not turn out good work. I am fining them separately and the fines will be credited to Municipal Funds

Item No 5 - The continuance of the special Revenue Inspector for a period of six months from 21-4-1942 has been sanctioned in G O L 2258 9/Ml 7-42-6 dated 26th August 1942

Audit Report for the month of December 1942 -

Item No 3 - It is seen that C M Nolthyar, Octroi Manegar failed to recover octroi on 4 tins of ghee on the date of arrival of the articles The duty was, however, credited by him on 30-1-43

Item No 4 - In all the cases wherein transit passes are missing, the duty thereon, has been recovered after a delay ranging from one month to one year The transit passes have not been checked by the Executive staff According to the existing bye-laws, transit passes will be issued to importers of goods at the Octroi Kattes and the importers ~~goods~~ have to credit the duty at the Head Katte, to the Octroi Manegar

In all the cases, it will not be possible to depute Octroi peons for escort with the goods to the head katto, and in the meanwhile, the importers fail to pay the amount and such time will be taken to trace the party It seems that these irregularities are due to defect in the existing procedure of recovering Octroi duty The President has been requested to revise the Octroi bye-laws so as to suit the local conditions

Audit report for the month of January 1943 -

Item No 2 - The duty has been recovered after a delay of three months

Item No 6 - Regarding the import of 171 tins of other oils, the President has held a detailed enquiry and has recovered a penalty of ten times of duty from the party concerned C L Lokthyar, Octroi Munegar was reverted to his original post as watcher and the gate-man who made a false certificate that the goods were exported was fined Rupees five It was seen from the records, that the then Sanitary Inspector was also a party in the case, as he denied of having made any enquiries, when he had already recorded the statements of some of the officials The President should have taken disciplinary action against the Sanitary Inspector also This Sanitary Inspector is not working here now

Item Nos 7 and 8 - The Octroi Munegar has stated that he issued two receipts to one and the same person for a single transit pass, by oversight Stamped receipt should have been issued as the amount of duty exceeds Rs 20/- The stamp duty of 0-1-0 due to Government should be recovered from the Octroi Munegar

Item No 9 - Duty has been recovered in all cases after an abnormal delay

Item No 13(a) - The duty has been recovered on 8-11-43 vide receipt No 10080/42

Item No 13(b) - The duty has been recovered on 31-1-44 vide receipt No 10/52

Item No 13(c) - The duty has been recovered on 21-3-43 vide receipt No 33/74

Item No 15 - The duration of the vacancy sanctioned in G O dated [illegible] fallen on 26-10-43 the Revenue Inspector has continued

continued till 1-2-43 This period is not covered by sanction of Government The President has been instructed to take further action to regularise the expenditure If the Municipal Council declines to sanction the expenditure action should be taken to recover it from the Officers responsible

Item No 18 - The share made by the gate-keeper Vazir, that the number of goods was noted by him by mistake and it has since been altered etc ; is not acceptable He is fined Rs.5/- for his carelessness Octroi duty on four bundles of betal leaves together with the fine amount of Rs 5/- should be recovered from him

Audit Report for February 1943 -

Item No 2 - The duty has been recovered in all the cases The abnormal delay should have been avoided

Item No 4 - It is very unsatisfactory that the chief officer and the Sanitary Inspector have not checked most of the transit passes

Audit report for March 1943

Items No 3, 5, 8, and 9 - Duty has been recovered from the Octroi Kanegar

Audit Report for the month of April 1943 -

Item No 1 - Regarding the loss of keys of the iron safe, an enquiry has been held C M Kokthyar has admitted that he has lost the keys and got the lock opened by a local repairer He has not reported the fact to the President The President has been instructed to purchase a proper lock from the concerned company and to recover the cost from the Kanegar

Item No 2 and 3 - Duty has been recovered

Item No 4 - The delay of 28 days in affixing the counterfoil transit pass to the original one leads to doubt The duty should be made good by the Kanegar concerned

Audit Report for the month of June 1943

Regarding the alteration of date and time in the cattle pound register, the pound keeper ~~should~~ be suitably punished for the omission of entry of four tins of toddy in the

the Railway invoice register the Octroi Munshi C I Moththyar has to be fined Rs 5/-

All the irregularities in the Octroi accounts relate to the period when C I Moththyar was working as Octroi Munshi It is not desirable to continue him any longer in this Municipality -he will be therefore transferred elsewhere

The primary source of income of this Municipality is Octroi and it is necessary to have an efficient official as Octroi Munshi I have therefore suggested to the President to revise the scale of existing Munshi's post to Rs 30-2-40 though the Octroi Revenue is in the neighbourhood of Rs 6,000 (Six thousand) a munshi getting less than Rs 20/- is in charge A more responsible officer has to be put in charge of the Octroi collections the present staff is inadequate and has to be strengthened Separate instructions have been issued to the Municipal President in the matter

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kadur District
